*Logan • Salt Lake City • Cedar City • Moab*

**Summer Term: May 22 - Aug 16**

**Summer-Fall Term: May 22 - Nov 15**

**Fall Term: Aug 16 - Nov 15**

Live and work outdoors as part of a 4-person Utah Conservation Corps field crew. Crews complete projects on Utah's public lands related to habitat restoration, invasive species removal, trail building, fence construction, and forest fuels reduction. Most crews camp during the project week and return to their base field office for off time.

**Improve Utah public lands and gain valuable experience in natural resource management and conservation field work!**
